CHAMBER MEETS IN BUSY SESSION MONDAY NIGHT

Upwards of 50 local citizens and out-of-towners were in attendance at the monthly meeting of the Lakeside Chamber of Commerce held at the Coffee Shop Monday night. After an appetizing dinner was served the crowd, president Smiley delved into the problems and business matters confronting the organization.

About the first item on the agenda was in regard to the Clean-up, Paint-up campaign that has been going on over the town and community for the past three weeks. Some outstanding progress has been made in this regard which will benefit greatly in the beautification of our city. Of course, to those who held back and failed to brighten up their premises, a committee of workers from the Commercial organization, will do the job for them on Sunday morning, but it will cost the property owner money.

A move was next made to obtain a 30 foot panel-type building from San Diego county for our community Boy Scout organization. It is planned to move the structure here by truck, if it can be agreed to bring it here for the Scouts.

Wilson White, president of the Grossmont District Softball Ass'n., who was unable to attend the meeting sent word that he desired the Chamber of Commerce to help in a project to obtain lights at the Rodeo grounds for future softball games to be played at night. After a little debate on this subject it was suggested to erect lights for such purpose on the school grounds as it is believed that since the late alterations at the Rodeo arena, there will be too small a space left for softball playing.

A very interesting feature of the evening was the presentation of some colored picture slides onto a screen by Mr. Miller. The picture portrayed many beautiful California outdoor scenes and were taken by Mr. Allamon of Chula Vista.

An informal tea is to be given between the hours of 2 and 5 on Friday afternoon for the many local friends of Mrs. Elizabeth B. Vater at the E. H. Carender home.

Mr. Thomas Pearce, well-known real estate dealer at Lakeside, left Saturday for a few days visit and rest with an old friend at Pacific Beach.

Mrs. Elizabeth B. Vater of Los Angeles, is spending the week-end with Mrs. E. H. Carender. Mrs. Vater is the wife of the late Dr. Vater, who for eight years was pastor of the local community church until his retirement in 1936.

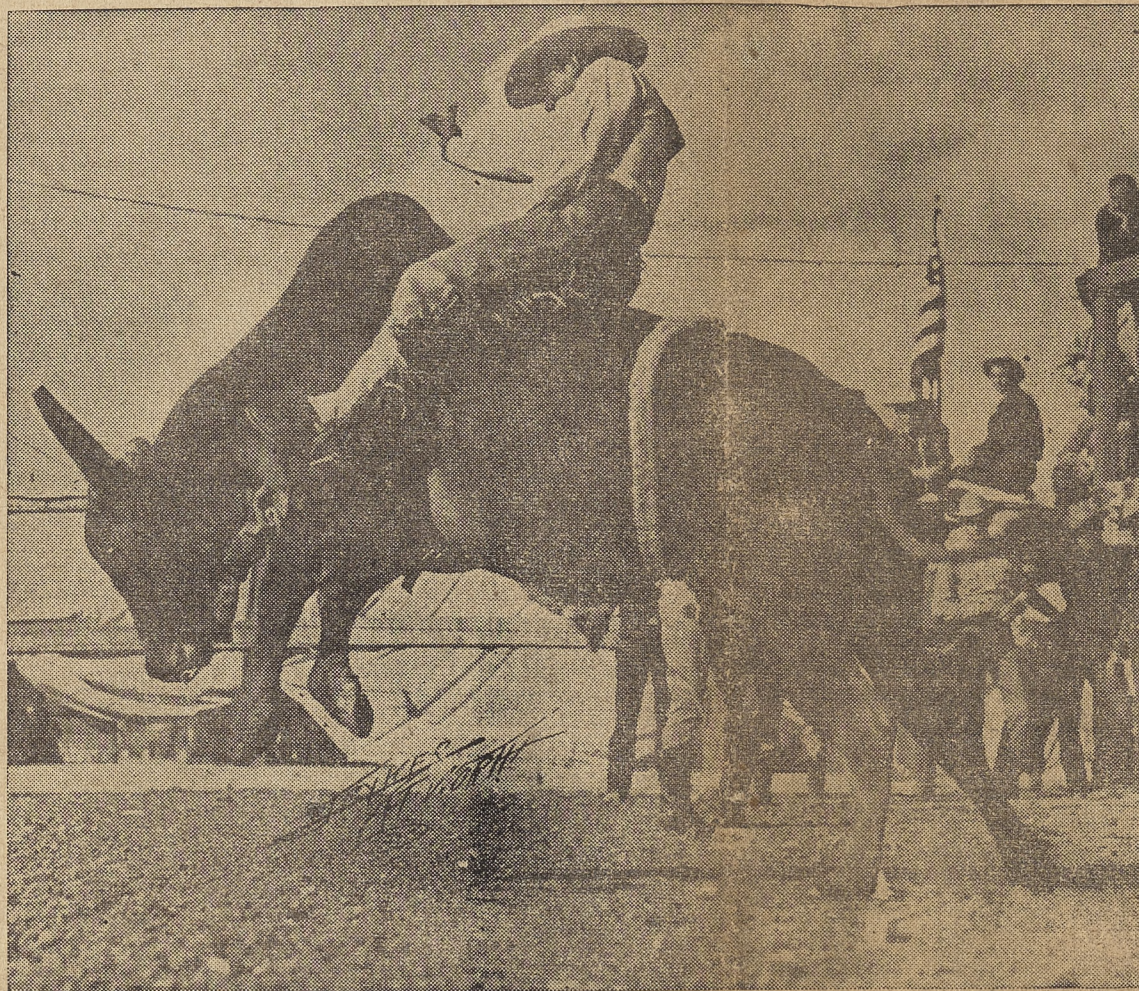

Rev. and Mrs. Adams attended a meeting at the Presbyterian church in Arcadia on Tuesday. Mrs. H. Blair accompanied them and represented the local church at the meeting.

WANTED—MAN CLERK IN STORE

One with some hardware and book-keeping experience. Starting at \$125.00. This is a permanent position and is in nearby town. Give full qualifications in first letter.

—Box No. 227, Lakeside, Calif.

Yip-Ho, Here Comes The RODEO!

Scenes like the one shown above will relive here Sunday when the cowboys go on their annual rampage, which promises this time to be bigger and better than ever before.

Local Boys Win 2nd Place At S. D. Track Field Meet

The 5-boy team, which consisted of local lads under 12 years of age, who entered the younger boys' division at the Annual Track and Field Meet in San Diego Saturday, walked off with 21 points to their credit, giving them 2nd place. The Stockton Gra-Y in their division took first place, being only 4 points ahead of Lakeside. Our five boys were: David Alvarez, Rudy Shellum, Phillip Jenkins, Dick Pascoe and Eddie Ben Adams.

In another division which included boys past 12 years of age, Harold Muse and Gary Gilbert competed, but were out-matched by boys much older than they were.

Another Good Letter!

La Jolla, Calif.,
May 13, 1946.

Ralph R. Freeman,
Publisher, Lakeside Star.

Dear Sir:

On a Sunday drive yesterday we came across the town of Lakeside and your weekly newspaper shop. I have worked on many weeklies, in Maryland, Ohio and Nebraska, and I never can pass a shop by.

I was very pleased to find you in your shop and our short conversation took me back to the shops I had worked in. Your building was a little too new to carry the full flavor of a mellowed shop but it certainly had the trappings, I had not seen a hand-set paper since working on the Bushnell (Nebr.) Record. I admire your industry in putting out such a good paper with that handicap in production. When your linotype arrives you will have more time and surely put out a crackerjack newspaper to good fortune of the people of Lakeside.

Good luck to you and Lakeside. Mr. Freeman: you have a fine start in creating a paper that your town and therefore your country needs.

Sincerely,
Emmons Blake,
314 Gravilla St.

Buckel Asks To Be Left Out of Trustee Election

D. W. Buckel, well-known local man, prevails upon the assistance of the Star to help him keep from being elected to the school trustee job at the election Friday. He informs this paper that some of his friends are mentioning his name as a "write-in" candidate for the trusteeship. The news of this move came as a complete surprise, as he had absolutely no intention of running in the election. Mr. Buckel is throwing his entire support to Dr. Carlisle at the polls tomorrow and urges the whole community to do likewise.

LUMBER SHORTAGE DELAYS NEW STORE

The critical lumber situation, which is growing worst instead of better, is about to bring the construction work to a complete stall on the new 50 by 80 foot building on Main street which is to be the new home of the Huffman Brothers Department Store.

The structure, which has walls made of cement block and steel, now awaits the placing of five 50-foot iron trusses to support the roof. The steel workers are expected to raise them today. From now on the building is going to require considerable lumber and the obtaining of this needed item may somewhat delay further construction.

Cement contractors Nelson and Hensley, of El Cajon, were kept quite busy in Lakeside on Monday and Tuesday pouring the sizeable concrete floor for the new Bacon feed store on Main Street that began erection here a few weeks ago. On Tuesday night the finishers were required to labor under the assistance of auto light for several hours in order to complete the large slab.

Job Printing at the Star!

Rodeo Has 'Smash-Hit' Sport Card

LAKESIDE, Calif.—On Sunday, May 19, the gates of this county's most modern rodeo arena will swing open at 11 a.m. to welcome a predicted record attendance to witness the opening of the 14th consecutive season of America's true sport of this Rodeo City.

According to Tom La Madrid, the whirlwind program—approved by the Cowboy Rodeo Association, will open with the sky-riding bron-busters and will be followed by sharp-shooters of the lariat and the wildest calves.

The rough and tumble steer wrestling event will cause spectators many a gasp, as tough riders meet the meanest steers obtainable. Spirited contention will also be seen in the earth-quaking wild bull riding.

Laughs will be plentiful in the hilarious wild cow milking contest, while skill and daring will be displayed in the ever-rangerous chariot racing. Racing fans will get a real thrill as thoroughbreds unreel spirited sprints.

However, the wild horse race will be one of the highlights of the program, when seasoned cowpokes will attempt to ride wild horses that have never had a halter on them before.

Excitement will reign during the men's and women's relay and cow pony races.

The PTA held their regular meeting at the grammar school auditorium on Tuesday evening. The Lakeside Woman's Community Chorus, conducted by Miss Wanda Howard, entertained with a lovely program of songs. Miss Nancy Storm accompanist, rendered several piano solos and Miss Jo Anne Jelley assisted with a flute obligato. After the regular business session the guests went to the Cafeteria, where delightful decorated tables, carrying out the Maytime themes were set. Home-baked pies and coffee were served. The first grade mothers acted as the hostess.

The Teen-Age Group held their weiner roast at the grammar school last Friday evening, as they were unable to engage the El Monte Park as planned. Another disappointment of the evening was that the 8th grade boys were busy playing ball and did not return until quite late.

LAKESIDE SOFTBALL TEAM TRIPS EL CAJON

The Lakeside Softball team rendered a defeat to the Mathews All-Star El Cajon team in a fast game on the Lakeside diamond Tuesday night under the lights, to the tune of 11 to 6. The 7-inning game, with Tobe in the box for Lakeside and Luhnnow pitching for El Cajon started off with the latter team taking the lead for the first 3 innings. Lakeside began to pile up their 11 scores in the 4th inning.

By June 1st, the Softball League hopes to have their tentative list of scheduled games published in the Star.

FISH—100 Pounds Of It!

Erman Kuhns and Bob Williams returned Saturday from a 10-day fishing trip that took them to the high Sierras north of Bishop. They report a very good catch, which netted them about 100 pounds of large Rainbow trout. Fishing is good there right now say the two men, but the snows have started melting, which will soon make the bites few and far between.

Teacher Taken For Picnic

The 8th grade pupils of the Lakeside school played the role of host to their teacher, Mrs. Muriel Miller, on Wednesday afternoon at 4:00 p. m., by taking her on a picnic to El Monte Park. Hot weiners, toasted marshmallows and sandwiches were enjoyed when the party became hungry.

Achievement Day of the Home Departments of the San Diego County Farm Bureau was well represented by Lakeside population. Among them were: Mrs. Claude Weston (County Chairman), Mrs. Dewey Buckel (Center Chairman), Mrs. Stuart Swink, Mrs. Clarence Foster, Mrs. I. C. Cooper, Mrs. Wallace Phillips, Mrs. Dorothy Lyons, Mrs. Wm. Hildebrandt, Mrs. Haptonstall, Mr. and Mrs. Mozier, Mrs. Erman Kouns, Mr. and Mrs. Macnider and son, Mrs. Corrairie Minchow and Mrs. Haise.

Mrs. J. C. Cooper and son, Roy, attended the wedding in San Diego last Sunday, of Miss Louise Head, formerly of Santee.

Mr. Wallace Phillips, Mr. Walter Kolter and Mr. William Hildebrandt were business visitors in Ramona last Sunday.

Mr. and Mrs. George R. Ribley, Jr., returned this week from a honeymoon trip of two weeks to Boulder Dam, Yosemite and Sequoia Park. They will reside in San Diego. They spent several days here at the home of the former's parents, Mr. and Mrs. G. R. Ribley, Sr., in Winter Gardens.

Mr. and Mrs. I. C. Cooper entertained recently with a dinner at their home in Riverview Farms. Guests included: Mr. and Mrs. Ray Hover, Mr. and Mrs. Lawrence Pearson and daughter, Marlene; Mr. and Mrs. Milton Allen, all of San Diego, and Mrs. Clifford Siniard of Lakeside. Mrs. Milton, a recent English war bride, has been in San Diego only a short time.

Mr. and Mrs. I. C. Cooper were business visitors in Redlands, last week.

The Twassi Girls entertained their mothers last Friday evening at their annual Mother's Day party, at the home of Mrs. Earl Fan Khanel. The evening was spent in games and the girls entertained with their "Kitchen Band." Refreshments consisting of apple pie ala mode and coffee were served.

Mr. and Mrs. Stuart Swink, Mr. and Mrs. Joe Piguatelli and son, Jimmie, and Mrs. Alice Bevan, of Lakeside attended the Ramona play at Hemet last Sunday.

Mrs. A. O. Dobson, and daughter, of Los Angeles, were week-end visitors with John Dobson family at the Lone Pine Trailer Court.

ROAD AND WATER IS ASK FOR BY 2 SPEAKERS HERE

At the Chamber of Commerce meeting two out-of-town speakers were present to render some serious forethought to Lakeside citizens, regarding a new and shorter road to Ramona and the water situation now at hand.

Howard D. Selden, a property owner of near Ramona gave some very interesting facts on a proposed cut-off road that in the immediate future may be constructed between Lakeside and Ramona. The route for the new road will take the motorist thru the areas of Fernbrook, Shadydell and Rosemont. The speaker stressed the point that these areas just mentioned were more densely populated than the old road, thereby this would give Lakeside business men an opening for a larger trading territory.

A brief survey of the needs and advantages offered by the new road as to passenger miles, etc., will be made by E. H. Carender with the cooperation of Mr. Lindley, secretary of the Chamber of Commerce.

Mr. Selden informed the interested gathering that the San Diego county commissioners would grant between 70,000 and 80,000 dollars for such a project, if it could be proven that the road was absolutely needed by the property owners in the vicinity concerned.

From a scenic standpoint the new road will afford a wonderful view of the lake and dam, which will lay alongside the right-of-way. Another important factor is that the new road will clip about ten miles off the present distance from here to Ramona.

Mr. Allen Mitchell, who spoke on behalf of the water situation for Lakeside, brought out some unknown facts that were interestingly absorbed by the audience present. Said Mr. Mitchell, "This area needs water—an abundance of it, if our valley here is to become the dream valley like we have it pictured for the future." The speaker said that it will be sometime in 1947 that this valley may have access to procurement of Colorado water. The present work now going ahead on the aqueducts near town, is progressing a little slower than was at first anticipated.

Lakeside was annexed to the San Diego Water Authority about 2 years ago, but there are several other out-lying districts that it will be necessary to annex, such as Lakeside Farms Mutual and Lakeview Farms water system. Elections for the annexations must go forward immediately so they may be completed by Jan. 1, 1947. If, and when Colorado water begins coursing through our main lines, the cost of same will be to the patron \$8.00 per acre foot, as compared to about \$10.00 being paid now.

Districts will be bonded under a 30-year payment plan to liquidate the cost of such a system, with each consecutive year graduating down to smaller payments for the patron.

Reservoirs that we are at present using will, will be used as ample storage facilities for the Colorado water when our district taps into that huge system.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.

A FRIEND WHO LEARNED TO BELIEVE

LESSON TEXT—John 11: 7, 8, 16, 20: 24-29.
MEMORY SELECTION — Blessed are they that have not seen, and yet have believed.—John 20:29.

Doubt and faith—both seem to come to the hearts and minds of men. Yet they are directly contradictory to one another and cannot exist together. To believe is to drive out doubt, and when doubt comes in, faith loses its grip.

Thomas, and his experience following the resurrection of our Lord, presents a lesson on what a man can do to meet honest doubt and how such a man can come out into the sunshine of faith.

We find in Thomas, first, an expression of

I. Fearless Loyalty (John 11:7, 8, 16).

Unafraid of the threats of men, Jesus was about to go once more into Judea. On his last two visits there, the Jews had sought to kill him, namely, at the feast of tabernacles (John 8:59) and at the feast of dedication (John 10:31).

He was not one to draw back for the fear of men when the Father's will led him forward in his service to humanity. Lazarus was dead, and Mary and Martha needed him and he was going to them.

Then came a fine expression of the loyalty of Thomas. If his Lord was going to face death, he was willing to go along and die with him. Let us recognize that here was a man of real courage, willing to show his loyalty even by giving his life.

There is something fine about that attitude, and something which shows us that when this man later expressed doubt, it was not the silly and shallow unbelief of a trifter. This man loved the Lord and served him, and yet he failed him.

When we think we are strong, we had better watch out lest we fail. Let us be clear and triumphant in our declaration of loyalty to Christ, both by word and by life. And then let us set a double guard against the enemy of our souls.

Thomas next appears in

II. Faithless Failure (John 16:24, 25).

He had been willing to die for his Lord, or with him, but now the Lord had been taken by wicked hands and crucified. He and the disciples were alone to face a hostile world; at least so it seemed to them.

The awful day of crucifixion preyed heavily upon the mind of Thomas. That is evident from verse 25. He had been thinking of those awful bleeding wounds, and had forgotten about the promises of resurrection.

Jesus died, and that is a precious truth; but one must not stop there, for a dead Saviour is no Saviour at all. Thomas got sidetracked in his thinking. Let us not make the same mistake.

Another reason for his failure was that he did not go to the meeting of his brethren. Perhaps he did not feel like going, and did not think it was any use to go. Ah, but that's just the time one needs the fellowship of other believers. Go, and you will meet the Lord!

The Lord was there and Thomas missed him. We, too, will miss the Lord and his blessing if we stay away from his house and the meeting of his people.

Having gone thus far in discouraged unbelief, it was easy for Thomas to take the next step and demand physical proof of the resurrection. His despondency had now reached the place of making unreasonable demands and of discrediting the witness of others.

We are glad that we can close our study on the note of renewed faith and of

III. Full Confession (John 16:28-29).

Note that the Lord was ready fully to meet the demands of Thomas, even though they were on the unreasonable side. That was undoubtedly because he knew the essential fineness and truthfulness of Thomas.

His doubts were unfortunate and entirely unnecessary, but they were genuine. No real doubter will ever remain one long, for if he brings a genuine doubt to the Lord, he will find it fully met. It is the triflers, those who use their doubts to hide their sins, and those who are unwilling to bring their dark thoughts into the light of the presence of Jesus, who go on doubting year after year.

Notice the comment of Jesus following the glad and complete confession of faith by Thomas. It is a good thing to believe because one has seen and been convinced. That is proper and blessed.

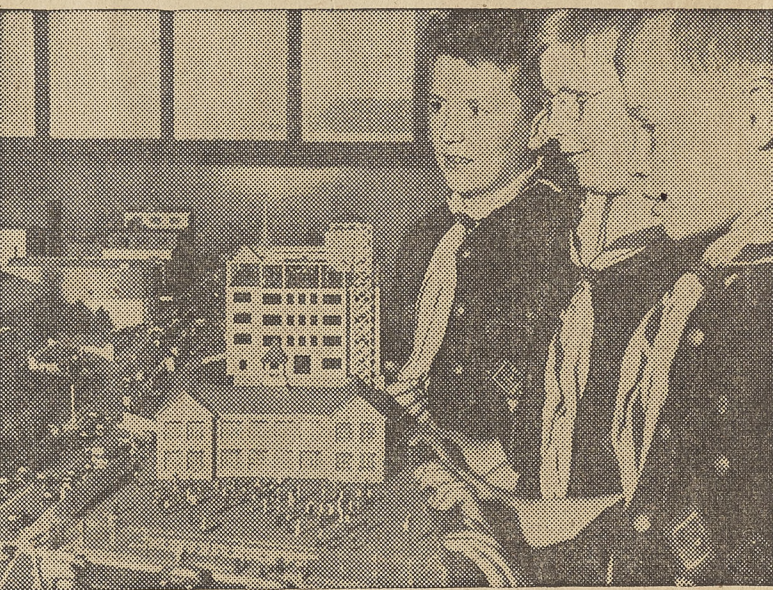

But the real fullness of blessing comes to the one who can rise to faith in Christ because of his word, quite apart from the visible or tangible evidence. This is real Christian faith which declares Christ to be our Lord and our God, the one whom having not seen, we love (I Pet. 1:8).

COMPLICATIONS FOR BIG FOUR . . . While the Big Four conference in Paris faces many difficult problems involving treaties and claims and boundaries, the Turkish situation presents future complications. In the dark areas shown are the three buffer states of the Near East and Middle East. Here the strategic and economic interests of Russia and the western powers meet. Control of the Dardanelles is a vital issue and Russia has sought to press claims on Turkey's eastern frontiers. Arrows on the map show how use of the straits cuts 3,000 miles from the supply line to Russia. At the opening sessions the Big Four sidestepped the troublesome Trieste and Italian colonial questions and began the consideration of the Italian-French frontier, the size of Italy's future armed strength and disposal of her surplus shipping. France's proposal to add internationalization of the Ruhr and detachment of the Rhineland from Germany to the agenda, added further complications. British Foreign Secretary Ernest Bevin caused another upset by insisting that Belgian, Dutch and Luxembourg representatives be permitted to sit in on such negotiations as spokesmen for nations which suffered heavily through German aggression.

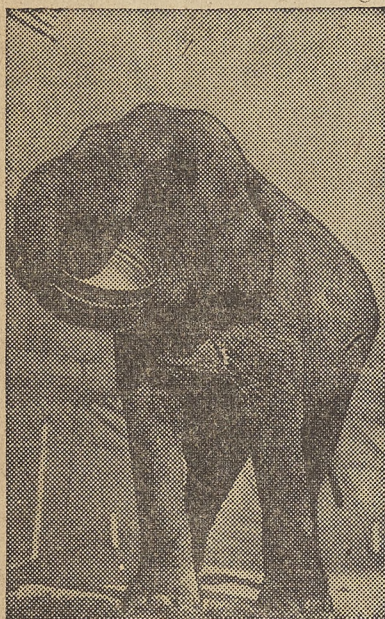

TO INVESTIGATE FRANCO'S GOVERNMENT . . . Committee of the U. N. security council which will investigate the charges that Generalissimo Franco's government in Spain is a menace to world peace and security. Left to right: Oscar Lange, Poland; Henri Bonnet, France; Pedro Velloso, Brazil; Paul Hasluck, Australia, and Hsushi Shu, China.

YOUNGSTERS STUDY AT FBI ACADEMY . . . Kenny Rose, Dick Little and Hugh McMahon, cub scouts of Falls Church, Va., look over a small section of the huge "model city" which is part of the equipment used by the FBI national academy in teaching traffic problems to learn modern police science. Thousands of youngsters visit the FBI monthly.

MOST VALUABLE . . . Baseball's most valuable players, Phil Cavarretta, Chicago Cubs, left, was chosen as the National League's most valuable player in 1945, and Hal Newhouser, Detroit, won the award for the most valuable player in American league. Both men show promise of being leading contenders for the high honor this season.

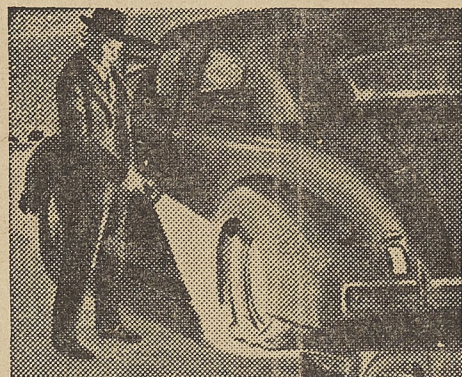

TEA TIME FOR TRILBY . . . Trilby, leader of the elephant herd of the Ringling Brothers and Barnum and Bailey circus, shows his latest tea cup. A veteran of the show, he still rules the herd.

GREEN FOR OPA . . . William Green, president of the AFL, told the senate banking committee that those who opposed extension of the OPA were a "death lobby." He demanded it be continued intact.

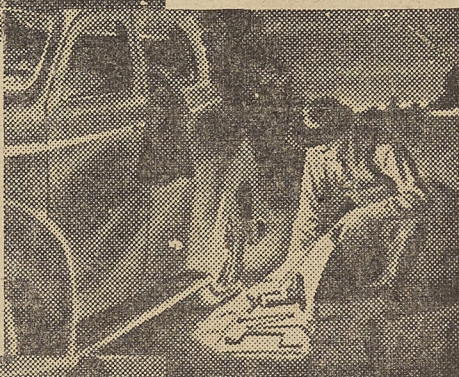

How to CHANGE A TIRE AT NIGHT...

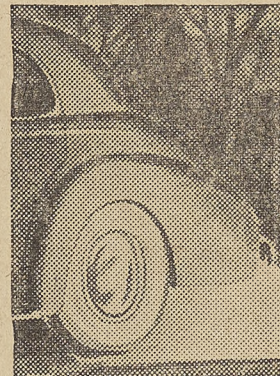

More Quickly— More Safely!

1 Few motorists can change a tire at night with top speed, efficiency—and safety! Night tire-changing can be hazardous—but "Eveready" flashlights can reduce the danger. First principle, says the American Automobile Assn., is...

2 Park off the highway if you can possibly do so. Next best place is on a straight stretch of road. If you must park on a curve, a light should be set on the road some distance back. Be sure neither you nor a bystander blocks off the view of your tail-light!

3 Keep all your tire-changing tools tied or boxed together, where you can pick them up without searching. Remove your spare before jacking up car; removing it later might push car off jack. If alone, set flashlight on a stone in convenient position.

4 In your car or at home—wherever you need a flashlight—rely only on "Eveready" batteries. Ask for them by name. For "Eveready" batteries have no equals... that's why you'll find them in more flashlights than any other battery in the world!

Bacteria Live in Soil
Many of the bacteria and fungi that cause vegetable disease live in the soil from one season to another. Some live on plant refuse, such as roots, stems, leaves or fruit, left in the garden. Unless garden areas are rotated, diseases are likely to become increasingly destructive. Where the same area is used for garden in successive years, it is necessary to plan to prevent carrying over disease-producing organisms. Pulling and destroying diseased plants or plowing under plant remains in the fall will help. Diseased plants should not be used in compost piles.

Assuring Safe Butchering
There are many hazards in butchering an animal, and special care is necessary to avoid accidents. One of the greatest causes of injuries is falls due to slippery footing. If the job is done indoors, sand, sawdust or crushed rock salt help the footing.
Here are some suggestions to make butchering operations safe:
Keep all butchering knives in a knife rack when not in use; keep knives sharp and handles in good condition; observe all the ordinary precautions with firearms used for stunning. Keep them unloaded when not in use, and use a tamper to force meat into the meat grinder.
Keep children away from all butchering operations; do not use gasoline or kerosene to quicken a smoldering fire; clean or mop up all grease from floors immediately; inspect all hoisting equipment to see that hooks are secure and block and tackle in good condition, and make sure animals are thoroughly stunned before attempting to stick.
Use extreme care in handling the scalding water; wet knives away from the body; avoid strain from overlifting; always cut or chop away from your body; keep knife handle free of grease; apply first aid to all cuts, scratches or burns immediately.

EDITORIALLY SPEAKING....

There were so many publishers, editors and reporters at the Commerce meeting Monday night that this scribe almost began to feel that he was attending a convention of the California Press Association.

One thing that I did learn that is still imprinted on my mind and that is the spirit that prevailed all through the meeting. There was plenty of interest on hand to keep the undivided attention of every member alert and on the beam. Never have I had occasion to witness a more co-operative group in action than we have right here in Lakeside. As is the case in most small towns of this size, the populace is usually quarreling and wrangling over some petty jealousy among the citizens and even businessmen.

Feed Famine Predicted Within 75 Days

The current feed shortage, already one of the most severe in our history, is getting increasingly worse. Some parts of the country face a feed famine. The next 75 days will be particularly critical, though they will not see the end of our feed problems.

The American Feed Manufacturers Association has announced that commercial feed makers are suffering shortages of all ingredients and will be able to fill only about 50 to 70 per cent of their customer's demands in May. Some plants may be forced to close.

Pay Justice For All Ranks

The American Legion is sponsoring legislation now before Congress to grant terminal furloughs with pay for all enlisted personnel of our armed forces.

Under the present system, officers who accumulate leave do not lose it when they return to civilian life, enlisted men and women do.

On discharge day officers are given their accumulated pay and allowances for the number of days coming to them, up to a limit of 120 days.

The enlisted man or woman, on the other hand, loses all the furlough time which, for one reason or another beyond his or her control, he or she could not get while in service. This is particularly true of those who served over seas.

FOR SALE: 4-room house, semi-modern, New, Winter gardens, 14 trees, \$2,800.00, S.D. Phone W-3205.

WANTED: Hour-work, ironing or care of children.—Mrs. Maurer, Box 535, Lakeside.

MOONLIGHT ON LAKE LINDO

The quaint little Village of Lakeside stands on the shores of beautiful Lake Lindo and the San Diego River, in the upper reaches of the El Cajon Valley and the San Diego River; sheltered by El Capitan Mountain and the silhouetted hills surrounding. The author's home fronts on the Lake and Park.

It's moonlight tonight on lake Lindo,
As in quiet meditation I sit here alone;
A galaxy of shimmering stars guild the heavens,
And I'm dreaming of loved ones and home.

In the distance, El Capitan mountain,
Lifts proudly her grizzled head to the sky;
And the green silhouetted hills surrounding,
Challenge the artist's skilled hand and eye.

The San Diego river winds down the valley,
Through historic Mission Gorge to the sea;
On it's shores stands a quaint little village
A domicile to wayfaring pilgrims like me.

Lake Lindo how calm and peaceful your waters,
Reflecting the silvery light of the moon;
An emblem of perfect repose in slumber,
At the close of a long weary day in June.

Soft winds blow gently through the willows,
The bull-frog croaks hoarsely to his mate;
The mocking bird thrills from the pepper trees,
Good night, Lake Lindo, the hour grows late.
5.15-46 —Francis Merle De Weese.
